Dear Ericka,

Thank you for organizing Avery's Journey fundraiser in support of Retinoblastoma Research at SickKids. I know that organizing an event of this scope takes time, energy and hard work, but to the more than 100,000 children who come to The Hospital for Sick Children (SickKids) each year, your commitment means the world. For both your gift of time and for the \$4,000 your event raised, we cannot overemphasize how grateful we are.

Our work is rooted in a very simple concept: we are infinitely stronger together than we are alone. Your hard work and success at organizing your fundraiser provides SickKids the resources it requires to conduct research, teach the next generation of health care providers and ensure the latest equipment and technology is available for children.

Through the generosity of community partners like you, we are able to support our researchers and physicians who are working to eradicate childhood diseases – giving parents hope and children health.

Thank you once again for your gift of hope and for believing in SickKids.

Sincerely,

Penny M Kroff
